IN PARTNERSHIP WITH:

# Criminalization

- Less access to health & social services
- Also true for “Swedish model” (e.g. France)
  - Sexwork goes underground
  - worse negotiation position

# Safe work spaces

- Legal (and regulated) workspaces
- Non-profit and/or self-organised (My Red Light)
- Allows for better health outreach

# Sexwork health center

-Specialized health center  
→ unite expertise & enable outreach

E.g. Boysproject (Antwerp) & P&G292  
(Amsterdam)

→ FSW no longer a risk group

# PrEP

- No PrEP availability
- PrEP services only oriented at MSM and Transwomen
- Need of proactive PrEP outreach
