Mpox Outbreak 2022

- Communities disproportionately affected by Mpox:
 - Men who have sex with men (MSM)
 - Communities of color
 - People living with HIV (PLWH)
 - Individuals experiencing homelessness

Vax Rate Populations at Risk for Mpox Jan 2023

<https://www.cdc.gov/mmwr/volumes/72/wr/mm7213a4.htm>

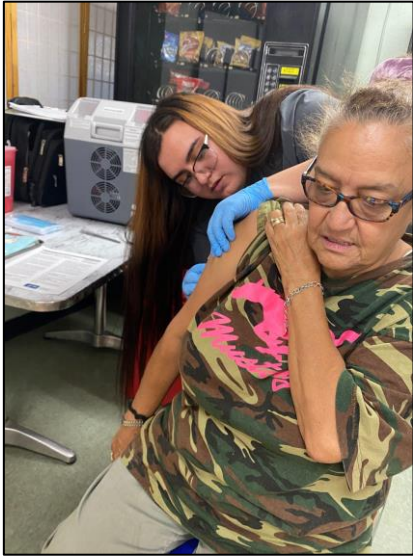

•During HIV outreach events hosted by SAAF, people asked about Mpox and Mpox Vaccine

	Est. Immunity	MSM at increased risk
Bexar County, TX	11%	17,916
Travis County, TX	32%	16,218
San Diego County, CA	54%	27,536
King County, WA	65%	24,308

Strategy

Fast-Track Cities 2023 • September 25-27, 2023

Combine Mpox Vaccination with HIV/STI Testing and Outreach Events

Fight Stigma

SAAF Outreach Team is trusted in the community, ensuring judgement-free care for all

Break Down Barriers

Increase vaccine access in communities that are unequally affected by Mpox are less likely to get vaccinated

Increase Equity

Host equity-focused clinics at locations where priority populations gather

- SAAF brought resources *into* the community
- Work with local organizations to find new locations to host outreach events

Increase Equity in Access to Mpox Prevention

- Mobile HIV testing van with two private testing rooms
- SAAF hosted events in both indoor and outdoor settings
- Overcoming second dose barriers:
 - Return to the same location 28 days later, if available
 - Option to receive 2nd dose at SAAF clinic via appointment

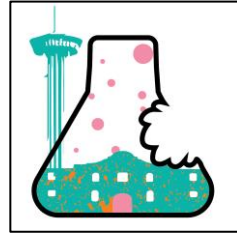

NEXT APPOINTMENT

Name: _____ Date: _____
Details: **2nd dose of Mpox Vaccine** Time: _____

M T W TH F S

Thank you for getting vaccinated today. The appointment above details when SAAF will return to have another event. Please call +210-225-4715 if you have any questions, or would like to schedule your appointment at our clinic rather than visiting our mobile unit at the time listed above.

Collaborations

SAAF joined with taste of science San Antonio to present “What’s New with Mpox and HIV?”

- Dr. Demetre Daskalakis, Deputy Coordinator of the White House National Mpox Response
- Hosted at The Bonham Exchange, San Antonio’s oldest gay bar
- Offered HIV/syphilis testing and Mpox Vaccine

 **SAN ANTONIO AIDS FOUNDATION** 

The White House National Mpox Response: Protecting San Antonio’s “Summer of Pride”

Demetre C. Daskalakis, MD MPH
Deputy Coordinator, White House National Mpox Response

THE WHITE HOUSE
WASHINGTON

July 12, 2023

This briefing is open to the public, however the conversation should be considered off the record and any press inquiries for the White House should be directed to the White House Press Office.

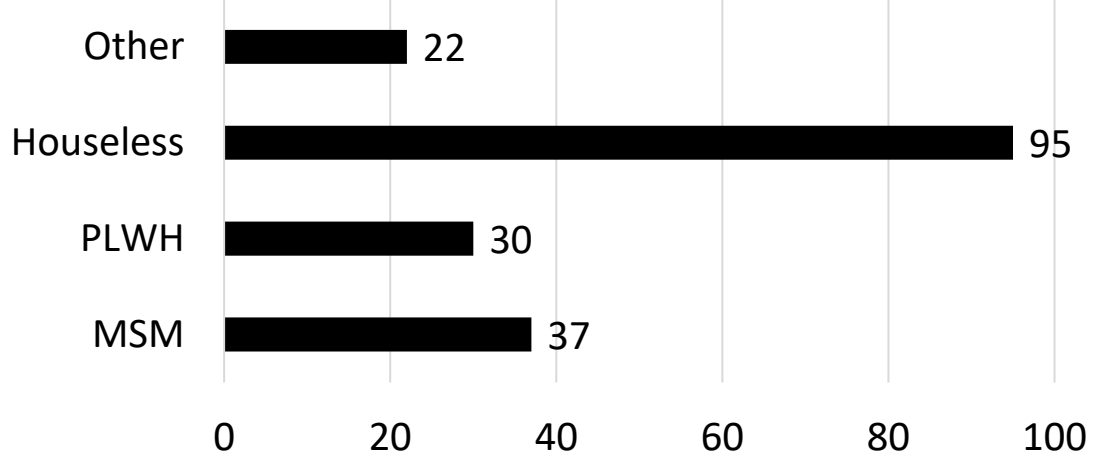

Demographics

Feb - Jul 2023

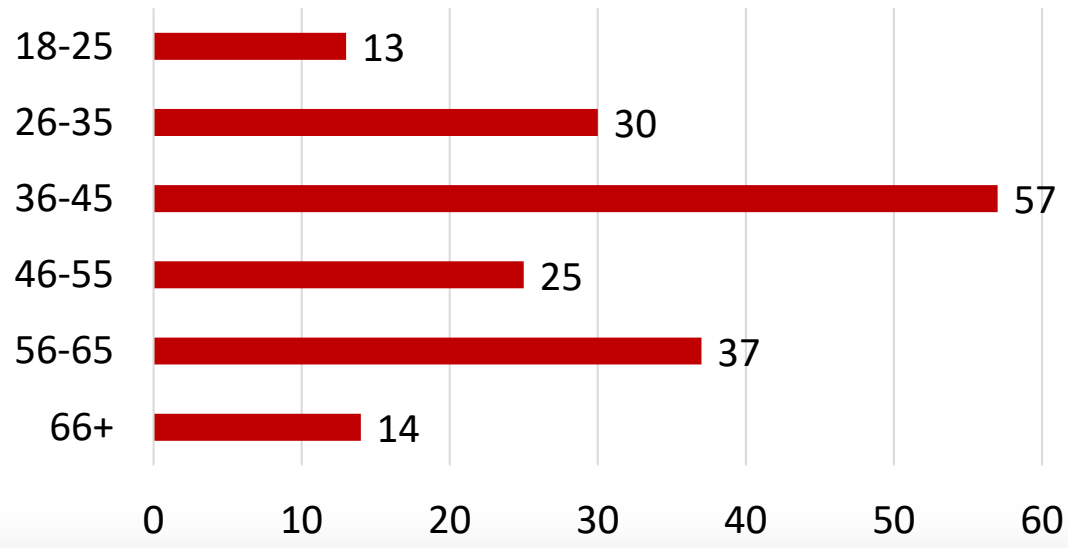

- 17 events
- 176 Mpox doses

Doses Administered, by Population

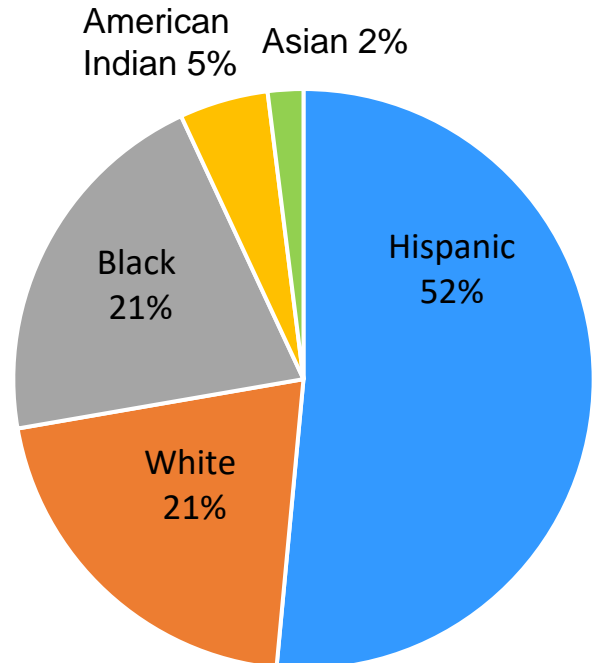

*Some individuals may fall into one or more category

Doses Administered, by Age

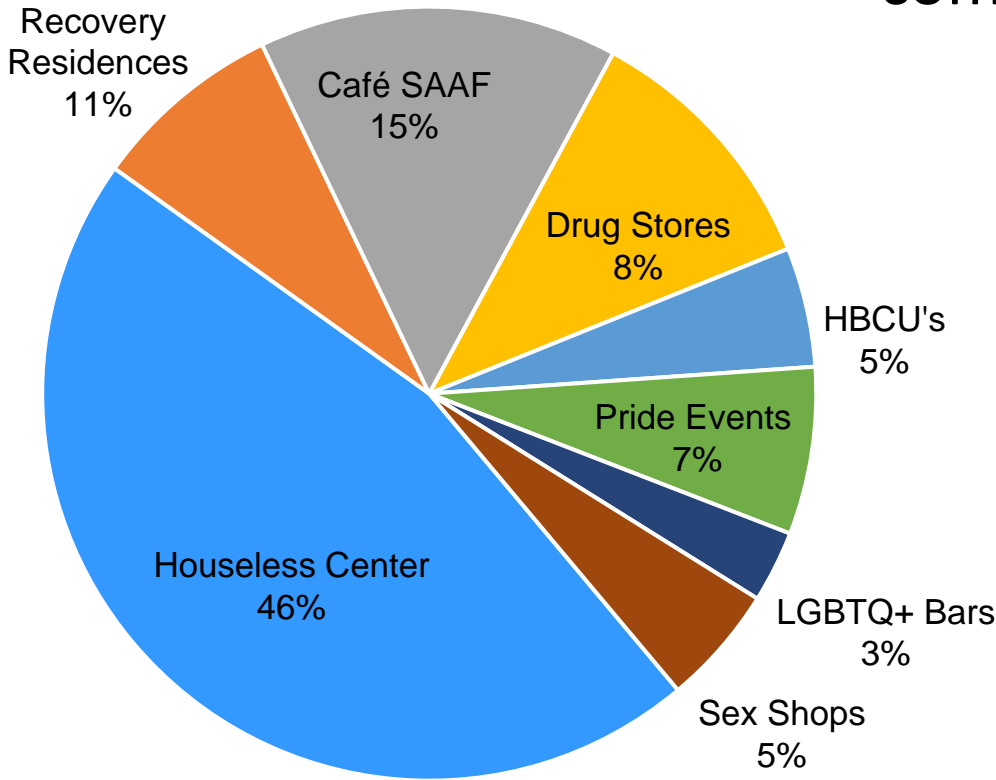

Doses Administered, Race/Ethnicity

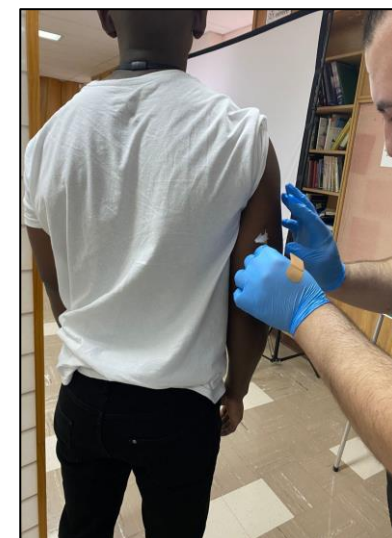

Communities

Partner with local Community-Based organizations to reach diverse communities

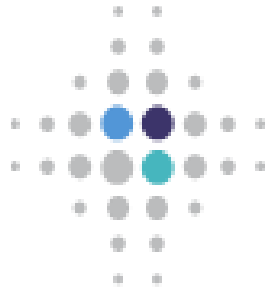

Further Recommendations

- Partnering with community organizations to host vaccine clinics:
 - Well received by the community
 - Maximizes vaccine uptake
 - Increases equity
 - Successful at reaching vulnerable populations
 - Increases health literacy
 - Reduces stigma
