CONTROLLING THE HIV EPIDEMIC WITH ANTIRETROVIRALS

Having the Courage of Our Convictions

1-2 October 2015 • Paris
What would it take to optimize TasP, attain 90-90-90, and control HIV?

Julio Montaner, OC, OBC, MD
Professor of Medicine and Head, Division of AIDS, University of British Columbia
Director, BC-Centre for Excellence in HIV/AIDS at Providence Health Care
UNAIDS Special Advisor on HIV Therapeutics
Optimize the HIV Care Continuum

90-90-90

Prevent new infections
Identify those infected
Link to care
Retain in care
Treat
Suppress viral load
Prevent illness and AIDS deaths

HUMAN RIGHTS
